Internship Clinical Practicum

Entails 3 to 4 days of hands on, reality oriented experience in a Skilled Nursing Facility. This experience is a requirement mandated by the State in obtaining a job as a Certified Nurse Assistant.

Medical Terminology

Our Medical Terminology Course will provide you with a basic understanding of the unique language used by modern day medical personnel. Upon completion, a Certificate will be awarded to you to validate for future employers your commitment to your new-found career in Healthcare. This will greatly enhance your chances of Employability in the Healthcare setting of your choice.

Note: Prices above do not include tax
